In the meeting held on 5/09/2023, the Coordinator IQAC initiated the discussion under the chairmanship of Dr. Dhriti Kanta Rajkumar. Coordinator informed all members present that the last date for submission of SSR was 3rd September, 2023 and inspite of our sincere efforts we could not successfully submit the complete SSR on the said date. This was mainly because the BSNL fiber connection for internet proved to be very unfortunate for us. On the last day of submission of SSR suddenly we encountered with severe problem in internet.

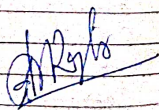

connectivity, surprisingly for the whole day. Attempts were also made with mobile connectivity but this time the PC ceased to respond. Accordingly the issue has been communicated with NAAC. But the matter is still pending with showing SSR window has expired. It is worth mentioning that the NAAC has already given us a fifteen days extension. After due consultation and discussion following resolutions has been taken.

Resolution: 01

It is decided that in case of rejection of the issue of extension of time by the NAAC with a short period, again a fresh initiative should be taken by the institution starting from IQA submission.

Resolution - 02

The members were pleased to note that the academic and administrative audit has been conducted and due to the continuous improvement of different aspects of planning, already two recommendations has been touched upon viz, E-learning rooms and shifting of the central library for more reading space for students. The IQAC is committed to work on the other aspects of recommendations in coming academic sessions.
