

Future Strategic Goals

- **Increase the pass percentage of the students.**
- **Offer certificate courses for placement.**
- **Create job opportunities through vocational training.**
- **Accelerate digital literacy rate among the stakeholders as well as students.**
- **Endeavour to build computer labs, language labs, research labs etc within the next five years.**
- **Promote online platform of teaching and communication along with conventional mode.**
- **There should be more Ph.D holders as full-time faculties.**
- **The Ph.D holders should also strive to become research guides to scholars.**
- **Endorse publications from faculties in Scopus indexed journals and edited books.**
- **Support e-documentation of all the important data.**
- **Signing of MOU with more neighbouring institutions.**
- **Execute faculty/student exchange programmes with other colleges/institutions.**
- **Arrange more and more social-outreach programmes/field trips/educational tours etc.**
- **Organise students' seminars/conferences/workshops etc for students' progression.**
- **Aim for annual academic audit.**
- **Organize regular computer literacy and other developmental training programmes for the non-teaching staff.**
- **Work for making the campus greener.**
- **Plant more trees and create shady areas within the campus.**
- **Conduct the Green Audit regularly.**
- **Install solar panels within the next academic year.**
- **Opt for some innovative practices for the institution as well as the students to resolve real-time challenges.**
- **Conduct meetings with the Alumni association.**
- **Seek aid and support from the Alumni association.**
